Capabilities Statement

Northern Pacific Specialty Construction is the leading construction company headquartered in the great state of Alaska. For over 30 years as a minority-veteran-owned, hub-zone-certified company, we have taken a comprehensive approach to global logistics and project management, providing our clients with a wide range of services to cover their needs.

Northern Pacific Specialty Construction is a construction company that specializes in delivering exceptional construction services to clients across the globe. Our team of experienced professionals brings decades of experience in project management, construction planning, and design to every project. Our goal is to ensure that every project we undertake meets the highest standards of quality, safety, and sustainability.

Improving quality of life, one project at a time!

Differentiators

We have a global presence, with offices and operations in multiple countries around the world. This enables us to take on projects of any size or complexity, anywhere in the world. This allows us to leverage Quick Reaction Crews. From virtual design and construction to prefabrication and modular construction, we are always exploring new ways to improve efficiency, reduce costs, and enhance quality. We are committed to minimizing our environmental impact to promote a more sustainable future.
